- IV. All teams participating in the 2024 USTA Tri-Level League Tennis season must be registered in TennisLink by their local league registration deadline. A team shall consist of a minimum of 6 players of the same gender to be eligible to compete at a specific level of competition.
- V. Team members shall not have a higher NTRP rating than the maximum NTRP rating of the division in which they are competing, however players may play up one NTRP level. Example: a 3.5 player may play in the 4.0 position, but a 3.0 player may not play in the 2.5 position. The following divisions are available for the 2023 Championship Year.

If each team is defaulting a different line, the lowest defaulting line must play up one level. If a team doesn't have the minimum number of players for a team match (4), it will be considered a full team default.**

- VII. Local leagues shall determine the procedure and/or penalties if a team forfeits an entire team match during local league play.
- VIII. Each local league may determine how to proceed when there is a default that is not at the lowest position.
- IX. Local leagues shall determine the procedures for rescheduling of team matches including inclement weather procedures.
- X. A player may play on multiple teams as long as they are in different divisions (see “V” above). There will be no concessions made for scheduling.
- XI. A player may not be dynamically promoted based on match results from the Tri-Level program, but match results will be calculated in year-end NTRP computer ratings. A player may be dynamically promoted mid-year from play in the Adult League program.

**PROGRESSION**

- I. Local leagues with the following number of teams per local season may qualify to advance to the Georgia State Championship.

<b><u>18 &amp; Over, 40 &amp; Over, 55 &amp; Over</u></b>	
<b>2-5 teams</b>	<b>1 berth</b>
<b>6-10 teams</b>	<b>2 berths</b>
<b>11+ teams</b>	<b>3 berths</b>

If a local league holds two seasons at a specific level, they must have a minimum of three teams participating in one of the two seasons at that level to receive two berths to the State Championships. Two team leagues in both seasons will only receive one berth to the State Championships. The local league will determine which team receives the berth.

- II. Any local league divided into flights must establish playoff regulations and the format for determination of local league winners.
- III. In the 18 & Over division, no individual is eligible to progress to the State Championship unless he/she has played on that same team in at least one match and no team is eligible to progress unless they have played at least three team matches during the local league season. A defaulted match shall count for the player(s) who received the default. A retired match shall count for all players involved.
- IV. In the 40 & Over and 55 & Over divisions, the same regulation applies as above, unless there is no local competition from a CTA during the championship year. If this occurs, a team may advance directly to the Tri-Level State Championship. **Players advancing straight to 2024 championships must play with their 2023 year-end rating.**
- V. Teams that qualified to advance straight to Sectionals due to lack of teams at State will not be allowed to add players to their TennisLink roster after conclusion of State Championships at their age division and level.

VI. **Appealed Ratings:** Players who submit an appeal to their self-rating through the TennisLink system before their local league deadline for registering players will be permitted to register up to seven days after the notification of final self-rating.

- If a player's rating is appealed down during or after the local season, the player should notify the Local League Coordinator to make update on TennisLink roster. Previous matches by the player would stand.
- If a player's rating is appealed up during or after the local season, player must immediately play at the new appealed rating. The player should notify the Local League Coordinator to make update on TennisLink roster. Adjusted rating will be used for duration of championship year. Previous matches by the player would stand.

#### USTA GEORGIA TRI-LEVEL LEAGUE STATE CHAMPIONSHIPS

- I. Last day for local league match play for USTA Georgia Tri-Level league is **July 7, 2024**. The league must also have at least two teams registered with the minimum number of players at least 30 days prior to this date.
- II. Participants competing in the USTA Georgia Tri-Level State Championships are required to have a current USTA membership throughout the entire event.
- III. Teams progressing to the USTA Georgia Tri-Level State Championship are determined by placement after local league play. Local leagues are expected to send their top finishers. A local league may send the next team in their local standings to represent their local league.
- IV. A \$250 team deposit form will be required of all teams at USTA Georgia Tri-Level State Championship.
- V. Teams that withdraw within twenty-one (21) days of the start of the championship or the posting of the draw will not be reimbursed their entry fee. Teams that withdraw once the draw is posted will forfeit their entry fee and security deposit. Separately, the team will be subject to a grievance filed by the Championship Committee and may receive suspension penalties imposed by the Championship Grievance Committee.
- VI. For scoring format, refer to Championship Procedures.
- VII. All tie breaks will be played using the Coman Tiebreak Procedure.
- VIII. A team match format shall be three individual doubles matches. The team winning the majority of those three individual matches shall be awarded one point.
- IX. State Championship play shall consist of full or partial round robin(s) or single elimination matches. The use of multiple round robins or the use of partial round robin matches will require a playoff structure to establish a champion. Please refer to championship procedures for full details.
- X. Defaults are not required to be "from the bottom up" **unless each team is defaulting a different line. In this case, the lowest defaulting line must play up one level to make the team match legal.**

XI. **Individual Defaults.** Any team defaulting a court for any reason will be fined \$100 per court defaulted (if paying by credit card there will be a \$4 processing fee). The fine must be paid in the tournament room prior to the team's next match. If it's the team's last match of the tournament, they must pay prior to leaving. If a team does not pay the fine, a grievance will be filed against all members listed on the team information sheet, which could result in suspension from any USTA League play until the fine is paid. Any matches played during that time will be reverted to losses. The reason for this regulation is to make sure teams have their players on every court at each match during a state championship. When a team defaults a line, it not only can affect the outcome of the tournament, but more importantly, it affects those players who showed up ready to play, only to find their opponents did not show.

XII. Match winners shall be determined by the winner of most courts and shall receive 1 point for each match win. In the event of a tie, the tie shall be broken by the first of the following procedures that does so:

**Individual Matches.** Winner of the most matches in the entire competition.

**Head-to-Head.** Winner of the head-to-head match.

**Sets.** Loser of the fewest number of sets.

**Games.** Loser of the fewest number of games.

**A method to be determined by the championship committee.** Procedures to be announced prior to commencement of championship competition.
