A former World Class player ranked in the top 400 in the ATP or WTA more than five years ago					Age 66 and Over	Age 56 to 65	Age 46 to 55	Age 35 and Under 6.5 Age 36 - 45 6.0
A ranking in the top 1000 in the ATP or WTA in the last five years								Any Age 7.0

NOTES:

For more details concerning specific playing characteristics, see NTRP Specific Characteristics on www.usta.com/league. All assigned ratings may be immediately appealed electronically on TennisLink. Individuals with expired NTRP ratings will be limited to their last published rating. Players in wheelchairs should use these same General Characteristics to determine their NTRP skill level. The only difference observed is mobility and power on the serve based on the severity of the injury. The very best World Class players in wheelchairs have an NTRP rating in the low 4.5 range.

The USTA League Committee has approved these guidelines as a tool for accurate self-rating and NTRP Self-rate Grievance decisions. These guidelines will be available to players and captains and will be considered fair warning to players and captains who commit or condone future self rating abuses. USTA League Grievance Committees may suspend captains for condoning self rating abuses. Grievance Committees have the authority to dismiss complaints when they deem appropriate. The USTA League Committee asks all players, captains, coordinators, tennis professionals and volunteers to join the campaign to maintain the integrity of the NTRP Rating System. Current and past college team rankings for Div. I, Div. II, Div. III, NAIA and Junior Colleges may be found at www.itatennis.com. Updated February 2019.
