Local League Awards Program

Questions?

Adult League Committee Grant

The USTA Georgia Adult League Committee grant is available to each of our 19 CTA's who run a portion and/or all our league programs. They can submit a request for an allotted amount to help grow a specific league or even a specific level within a league.

Adult League Committee Grant

The plan is for the ALC to approve the amount awarded (typically a maximum of \$1,000, but anticipated growth could allow for more or less) based on the basic proposal from the Local League Coordinator (CTA). The per person ratio of funding should be no more than \$20-\$25.

Adult League Committee Grant

If the grant request is the same as a past request, data will need to be provided to show that the previous grant money led to growth in league participants. The grant money must be used in the 2026 calendar year.
